Tabletop side leg

One hand-operated shoulder and ankle. Print at actual size / 100%.

CHECK SCALE FIRST

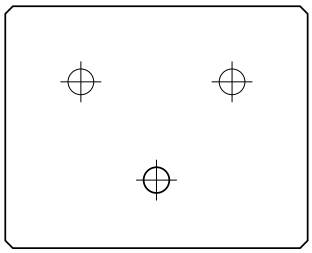

50 mm between marks

Cut one of each solid outline. Holes show 3.4 mm clearance for M3 bolts.

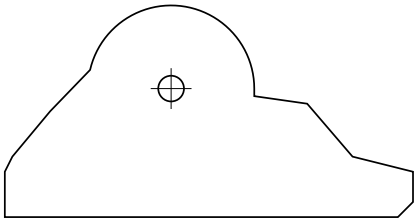

01 Side leg

112 mm long / pivots 86 mm apart

02 Shoulder tab

Upper mounting holes 20 mm apart

03 Ankle shoe

54 mm across the base

---

3 mm plywood Each joint takes an M3 x 12 mm bolt, two washers and a locknut.

5 mm foam board Use split pins and card washers. Leave room for the joint to turn.
